### Agenda items

11:00 - 11:05            Opening of meeting and additions to agenda

11:05 - 12:00            See how far along everyone is with their code and figure out if we have any problems and/or conflicts and try to solve those.

12:00 - 12:10            coffee break

12:10 - 12:30            get everyone set up with a checkstyle ruleset, make sure all our files currently ready to be merged into main abides by those rules, merge everything that's ready

12:30+                    get everyone a new (coding) task and (potentially) more problem solving so that everyone can work on something again. Also reminder to do buddycheck.
