23/02 Agenda

Week 2 meeting in Library

Location: Library project rooms
Date: 23/02/2023
Start time: 10am
End time: 11:30
Attendees:

Agenda items

10:00 - 10:05
Welcome and set up

10:05 - 10:10
Approval of agenda and quick summary of what we are doing today

10:10 - 10:40 Backlog
- Order list of requirements in order of priority
- go through each backlog MUST HAVE point as a group and work out what each point would need
- elaborate on requirements and what they mean for our application

10:45 - 10:50
Coffee break

10:45 - 11:10 Backlog
- go through the SHOULD HAVE as a group and elaborate further on each point
- (optional) conceptualize and potentially start making a couple rough mockups → either on paper or online

11:10 - 11:20 Code of Conduct
- check everyone has git working and has cloned the repository
- (optional) one more check on the CoC
- Someone with little experience with Git can upload file to practice

11:20 - 11:30
- Final remarks and summary of the progress
- Summary of action points
- Questions / Feedback ?

11:30
Closure

Chair Notes

Main focus:
- backlog DRAFT in a state we could almost upload
- get CoC submitted to the repository

- do mock up
- Ask TA how real does our application need to be → how "proper"
- talk about checkStyle
- ask about deleting source branch in gitlab when merging
